See next page for mathematics section.

Mathematics

Areas for improvement in Mathematics:

- Number Patterns / Place Value
 - Counting
 - Greater Than / Less Than
 - Place Value
 - Rounding
- Whole Numbers
 - Addition (Single Digit, Double Digit, etc.)
 - Subtraction (Single, Double, etc.)
 - Multiplication
 - Division
- Measurement
 - Time
 - Money
- Fractions and Decimals
 - Mixed Numbers, Ordering Fractions
 - Adding / Subtracting Fractions
- Other:

- Geometry
 - Figures / Polygons
 - Naming
 - Drawing
- Transformational Geometry
 - Grids
 - Transformations – Translations, Reflections, Rotations
- Data Management
 - Graphs – Bar, Line, Circle, Pictographs
 - Mean, Median, Mode
- Length, Perimeter and Area
 - Lengths in cm, m, km
 - Perimeter and Area of Different Shapes
- Probability
 - Language of Probability
 - Identifying Outcomes
 - Calculating Probability

Please note any other special considerations or recommended strategies that would be beneficial for the tutor.
